Subject: B.U.D.S. Software and Hardware

B.U.D.S. software and hardware is for the sole use of authorized BRP employees, dealers and distributors.

B.U.D.S. software is supplied to authorized BRP dealers and distributors as part of the one charge concept thru downloads from BOSSWeb, it is not sold to dealers. The software is not to be distributed or sold to the general public or non authorized power sports dealerships and mechanics.

The hardware used such as part numbers 529036018 (MPI-2) and 529036019 (Dess post) adapter are sold to authorized BRP dealers and distributors only. The hardware must be authorized by the technology department and is delivered thru a tightly controlled system. The hardware is not to be distributed or sold to the general public or non authorized power sports dealerships and mechanics.

There are various websites out there selling the software and hardware. These are in no way authorized or supported by BRP.
